JOHNSON BARRED FROM AUTO SPEEDWAY

ist, was turned down yesterday by the Indianapolis motor speedway management, when they refused to let him appear on the speedway at the coming automo-bile races in his high-power car. Johnson made application some time ago for a place in the racing program and his request was refused. He then asked for the privilege of giving an exhibition race during the September meet. The directors of the speedway took the matter under advisement and President Fisher announced that this request had also been refused.
